MISS MAY MARKELL,

A Society Belle of London, Canada.

MISS MAY MARKELL of London, Ontario, Canada, is a beautiful girl who knows what suffering is and Wine of Cardui has brought her back to health. She is one of the social favorites of her home and her recovery to health has permitted her to enjoy the company of her many friends instead of lying on a bed of sickness and suffering. For the health she now enjoys she gives credit to Wine of Cardui. She writes:

"I have found Wine of Cardui a most excellent remedy for female trouble. I suffered for three years with terrible bearing-down pains at the menstrual period. I could hardly stand on my feet and was never well. Wine of Cardui was the only medicine that I could depend on to do me any good, as I tried several with no success. Wine of Cardui cured me and I have now enjoyed perfect health for two years, and give you all the credit for I know you deserve it."

For a young girl Wine of Cardui is the best remedy to guide her through womanhood by starting the menstrual

flow in a healthy and natural manner. Menstruation started right is very easy to keep regular through the years of mature womanhood. Then the "change of life" need not be feared. Thus Wine of Cardui is woman's best relief from youth to old age. A million women have secured blessed relief from their sufferings by taking this treatment. It relieves menstrual troubles in an incredibly short time. In a simple case of deranged menses Wine of Cardui never fails. To relieve disordered menses is to remove the cause of other female troubles. Any physician will tell you that to remove the cause of a disease renders the cure easy, in fact seldom fails to complete the cure. If you would have the same relief which Miss Markell secured try Wine of Cardui. You can take it without an examination and without any publicity whatever. You can take it in the privacy of your home and secure just as much benefit as if a doctor had prescribed it for you. Thousands of women are feeling the vigor of returning health by taking Wine of Cardui.

POISONED HER INFANT TOUR OF ONE STATE

Mother Gives Her Little One Large Dose of Carbolic Acid.

SUICIDE SAD SEQUEL.

When Officer McMillan of Birmingham Went Home to Supper He Beheld the Bodies of His Loved Ones Cold in Death.

Birmingham, Ala., April 7.—Mrs. Susie McMillan, wife of Policeman McMillan, gave her eight months' old baby a large dose of carbolic acid and then committed suicide by shooting herself twice in the breast. She was found lying dead on the floor in a room by her husband, who had come home to get his supper. The doors were locked and he was forced to break it open. The baby was lying dead on the bed with its face terribly burned by the acid. Mrs. McMillan was badly burned by fire, which was started by a discharge of the revolver. No motive can be assigned for the deed.

MURDER OF MEEHAN.

Body of a Wealthy Colorado Stockman Found Lying on a Prairie.

Akron, Colo., April 7.—The bullet riddled body of Joseph I. Meehan, a wealthy stockman, who lived alone on his ranch northeast of this place, has been found lying on a prairie within a short distance of his home. It is believed he was shot from ambush Friday night, as he was returning home from visiting a brother, another cattleman, and that the killing is the result of a feud.

For some time trouble has broken out at intervals among rangemen over the question of the right use of the range, and in December last, Meehan and a rancher named John Irwin engaged in a pistol duel, Irwin being fatally shot. Meehan was so badly wounded that he was in the hospital for several months. It is said that following this encounter threats were made against Meehan's life. Meehan was very popular in the neighborhood in which he lived and the feeling is strong against the shooting.

ABUSED HIS WIFE.

Marshal Was Stabbed in the Bowels and Husband Shot to Death.

Columbus, Ga., April 7.—As the result of a family quarrel, one man is dead in Girard and another at the point of death. Ramsey Webster, a white man, had a quarrel with his wife and abused her so that Marshal Girard went to the scene. As the officer entered the house Ramsey met him with a long knife and stabbed him three times in the lower bowels. Bishop realized the situation, drew a pistol and fired several shots at Webster, who fell dead. Bishop is now at home in a dangerous condition and likely will die.

POISONER HANGED.

A Saloonkeeper Took the Lives of Three Women and Forfeited His Own.

London, April 7.—Kloshowski, alias Chapman, the Southward saloon keeper, who murdered by poison three women who lived with him as his wives in different parts of London, was hanged in Wandsworth jail. He was in a state of complete collapse and had to be supported by a warden. He protested his innocence to the end, declaring his real name was Chapman, and said he was an American by birth.

Hickley Decided to Live.

New Haven, Conn., April 7.—After shooting himself four times, once in the head and three times in the abdomen, Walter Hickley sat down beside the railroad tracks in Milford to die. Regretting his act he struggled to his feet, and with two sticks of wood in his hand which he had grasped as he fell, he waved frantically at an express train speeding toward this city. He then fell over as though dead. The engineer saw the apparently dying man and stopped the train. The trainmen rushed to Hickley's side. Hickley was hardly able to speak from loss of blood. He was put aboard the train and brought to this city, where at the hospital it is said he will probably recover.

Stationary at New Orleans.

New Orleans, April 7.—The river here continues stationary at 20.3. At Lake Providence the river gauge shows a fall of about two feet as a result of the Hollybrook break, but much of the water that goes through now will ultimately return to the Mississippi.

Expectation is that the flood here will have receded considerably before this water gets to New Orleans. Work continues at Hymelia crevasse.

Go to Colon.

Washington, April 7.—Admiral Walker, General Haines and Major Black, the two latter of the corps of engineers, leave New York for Colon for the purpose of appraising the value of work now in progress on the canal, and which will be prosecuted by the French company up to the moment when the great property comes into actual possession of the United States.

President Roosevelt Visits Several South Dakota Cities.

DOZEN OF SPEECHES.

One Feature of the Day Was Great Number of Children in the Various Audiences and Whom He Referred To.

Aberdeen, S. D., April 7.—President Roosevelt traversed South Dakota and made more stops Monday than any other day during his trip. He began at Sioux Falls in the morning and ended his twelfth speech in the evening at Aberdeen. The speeches were confined for the most part to the tariff and to material prosperity of the country. The president was accorded a cordial welcome at the different stopping places and at many stations, where the train did not stop, the crowds gathered and cheered as the special train sped by. One feature of the day was the large number of children in the various audiences and the president referred to them several times, saying that he was glad to see that the stock was not dying out.

The president had as his guests during the day Senators Kittredge and Gamble and Representative Martin and Representative Burke, the South Dakota delegation in congress.

At Tulare the president departed from his usual custom and descending from his car, shook hands with the people gathered at the station.

Yankton was the first stop after the train left Sioux Falls. To the multitude at Yankton the president spoke on the tariff and the qualities of good citizenship.

At Mitchell the president made the longest address of the day. His audience was large and his speech was frequently interrupted by applause. He here discussed the work of individuals and the important part they play in the upbuilding of the nation.

NEGRO LYNCHED.

He Was Charged With Attempted Assault and Identified by Woman.

Little Rock, Ark., April 7.—John Turner, colored, was lynched at Warren, Ark., Sunday night for an attempted assault on Mrs. W. H. Neeley, a white woman, who resides about seven miles west of town. This attempt occurred last Friday and the negro was arrested Saturday and taken before Mrs. Neeley, who was positive in her identification. Shortly after midnight a mob broke into the county jail, and taking Turner out strung him to a limb in front of the court house, where several other negroes had been lynched at different times in the history of this town. Turner denied his guilt to the last notwithstanding his identification by Mrs. Neeley. There was little noise and parties residing next door failed to hear the disturbance attending the lynching. Not a shot was fired and the body of the negro was left for the coroner, who cut it down and held an inquest, which developed the lynching was at the hands of unknown parties.

Injunction Denied.

St. Louis, April 7.—Injunctions sought by the Chicago Board of Trade to establish the ownership of the quotations of the future prices of grain and other commodities were denied by Judge Adams in the United States district court and the dealing in futures condemned.

DULY DEDICATED.

Indiana's Monuments to Her Twenty-Two Regiments Unveiled at Shiloh.

Shiloh, Tenn., April 7.—Indiana Monday dedicated and presented to the government the twenty-two monuments erected at a cost of \$25,000 in honor of the twenty-two regiments which that state had in the battle of Shiloh. Two special trains and a fleet of passenger boats brought 600 people from Indianapolis. General Lew Wallace presided at the dedicatory exercises. In his address he said the Army of the Tennessee had no commands at Shiloh and was needlessly surprised by General Albert Sidney Johnson. The monuments were presented to the state by Colonel James Wright of the Indiana commission, which has had charge of their erection. Governor W. T. Durbin presented the monuments to the government and they were accepted by William Carey Sanger, assistant secretary of war. The national commission was represented by Colonel Josiah Patterson of Memphis. Governor Frazier of Tennessee was represented by General Gordon of Memphis. Senator Beveridge of Indiana spoke. James W. Riley recited "Old Glory." Several thousand residents of this part of the state, including many Confederate veterans who fought at Shiloh, were interested spectators.

With the Indiana party was Miss Nell Grant of San Diego, Cal., granddaughter of General U. S. Grant. When the fleet of boats passed the Cherry homestead this morning, which was General Grant's headquarters at Shiloh, the boats landed to allow Miss Grant to go ashore for a few minutes.

BRYAN, TEXAS, APRIL 8, 1903

Twelve new oil wells are being sunk at Jennings, La.

It is claimed the boll weevil destroyed the cotton industry in Cuba at the close of the eighteenth century.

The president is getting a campaign move on himself. He made twelve speeches at various points in South Dakota in one day.

The new Chinese minister at Washington says the feeling against foreigners has abated in China and they are now perfectly safe. Still, the missionaries had best keep an eye on the boxers.

Secretary of Agriculture Wilson has postponed his visit to Texas until June on account of late crops. It is expected a number of scientists will accompany him. Secretary Wilson spent a day at College on his last visit to Texas.

Corpus Christi cabbage growers are letting their crops rot in the fields in preference to shipping them on consignment and realizing little or nothing on them. They are going in for more general diversification another year.

The press dispatches indicate that Washington people are excited over the escape of a boll weevil from the agricultural department, and are wondering what will happen. If they will look carefully they will no doubt find him in the first "square" he comes across.

There has been a momentary decline in New York today, caused by enforced realizing sales. We doubt, however, if it extends further. One of Bryan's business firms was about to order a cash book from a certain firm outside the city, having had prices quoted to them by letter. Before writing they remembered that the Eagle represented a house of this kind, the Exline people of Dallas. CHANGES IN OHIO.

Republican and Democratic Parties Made an Almost Even Break.

Cincinnati, April 7.—While the aggregate pluralities in Ohio cities show Republican gains, parties break almost even on changes of local administrations. The most noted changes from Democrats to Republicans are at Columbus, Mansfield, Zanesville, Defiance, Delphos, Van Wert and Shelby, the Republicans carrying Shelby for the first time. Among cities that changed from Republican to Democratic mayors were Youngstown, Springfield, Marion, Troy, and probably Findlay. There are seventy-one cities and 615 villages in Ohio. Of the sixty largest cities heard from officially, it was noted that Republicans and Democrats each carried thirty. In the notable exception of Toledo, Jones, the independent mayor, will have little authority, as the Republicans control all the city government except mayor.

TWO VIEWS.

One Alleges Fraud, While the Other Says It Was People's Victory.

Cincinnati, April 7.—Melville E. Ingalls, fusion candidate for mayor, declared to make a formal statement, but his colleague on the fusion ticket stated the result was due to superior organization of Republicans in the city, normally a Republican stronghold, fraudulent registration, repeating and corruption. They insisted the fusion organization be continued and perfected.

Mayor Julius Fleischmann said: "The election of the entire Republican ticket is a victory for the people of Cincinnati. This triumph means the next governor will be Republican, Marcus A. Hanna be returned to the senate and Theodore Roosevelt be the next president of the United States."

Largely Democratic.

Cleveland, O., April 7.—Complete returns from the municipal election in this city give Johnson (Dem.) for mayor a plurality of 5985. Lapp, (Dem.) for president of council, has a plurality of 10,436 over Sonthelmer, Republican candidate. Republicans elected Schreiner for police clerk and two of the four members of the school council. Otherwise Democrats made a clean sweep.

In the new city council the Democrats will have seventeen and Republicans nine members.

Held No Election.

Omaha, Neb., April 7.—This city, working under a special charter, does not hold its municipal election until May 7, and the election in South Omaha was put over one year by special legislation of the present legislature, the bill having been signed by the governor.

More Than Ordinary Interest.

St. Louis, April 7.—Owing to the recent boodle convictions more than ordinary interest is shown in the election of members of the city council and house of delegates.

Numbers of Women Voted.

Wichita, Kan., April 7.—Number of women voted here.

MOST OUT

After Serving About Ten Months' Imprisonment He Is Released.

New York, April 7.—After serving a year's imprisonment, less about two months' commutation of sentence for good behavior, on Blackwell's island, John Most, the anarchist, has been released. Most was convicted for the publication in his paper, Freiheit, the day President McKinley was shot of an article with the caption, "Murder and Murder," which was held by the

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. S. S. Ball, of Ravenswood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in my family."

courts to endanger the public peace in that it incited to murder of rulers. This decision of the court in special session, before which Most was arraigned and was affirmed by the higher courts.

Upon his release Most went at once to Union Hill, N. J.

Will Make Common Cause.

Rotterdam, April 7.—At a meeting of 3000 dock laborers it was resolved to make common cause with striking railroad men, but it also decided that order must be preserved so as to give the government no excuse for the adoption of harsh measures. One hundred men were told off to act as pickets with instructions not to use violence. Workmen employed in the building trades threaten to join in the strike.

Sailors to Be Arrested.

Norfolk, Va., April 7.—Captain Thomas of the receiving ship Franklin, now under quarantine on account of diphtheria, has notified the police to arrest and hold all sailors from that vessel found in Norfolk. The police say between fifty and one hundred sailors deserted the ship on account of the quarantine.

Large Bequest to Columbia.

New York, April 7.—Announcement of a gift of \$100,000 to Columbia has been made at a meeting of the university trustees. The donation is a bequest from the estate of Dorman B. Eaton and the trustees voted to use the money to establish the Eaton professorship of administrative law and municipal science, in accordance with the terms of Mr. Eaton's will. Frank J. Goodnow, now professor of administrative law, has been appointed to the chair.

Were Far from Civilization.

New Orleans, April 7.—Dr. W. R. Gillespie and his party of American prospectors from Cleveland and Dubuque, who were presumably in serious trouble in Honduras, have returned. They say they were far from civilization.

Harris Principal.

Austin, April 7.—Professor T. G. Harris, principal of the Austin public school, has been elected principal of the San Marcos normal.

OHIO ELECTIONS.

Fusion Tickets as a Rule Were Defeated in the Various Cities.

Cincinnati, O., April 7.—While the Republicans had material gains in the municipal elections in Ohio, they did not secure many changes in the administration of the cities. The most notable exception was at Columbus, where Mayor Hinkle, Democrat, is succeeded by Jeffreys, Republican. The mayors of all the leading cities except Columbus were re-elected. The Republicans retained control of Cincinnati and the Democrats of Cleveland and Samuel M. Jones was elected as an independent for the fourth time as mayor of Toledo. The Democrats re-elected their tickets at Dayton, Sandusky, Chillicothe, Hamilton and other cities normally Democratic, and the Republicans at Steubenville, Youngstown, Warren, Ironton, Portsmouth and other towns that they have hitherto controlled. The winning tickets were of either of the dominant parties. The fusion tickets as a rule were defeated in a dozen or more cities where they were in the field. One of the most noted gains of the Republicans was at Mansfield and of the Democrats at Springfield, where local issues controlled results as was the case in most of the changes. There is much diversity of opinion as to the effect of these municipal elections upon the next Republican nomination for governor, but it is conceded that Mayor Tom L. Johnson of Cleveland, will now become a formidable candidate for the Democratic nomination for governor shortly, and that the Ingalls organization will be continued with a view to making him a Democratic opponent of Hanna for the senatorship.

Republicans Carry Cincinnati.

Cincinnati, O., April 7.—Complete returns from the 238 precincts in Cincinnati give Fleischmann (Rep.), 42,907; Ingalls (Fusion), 26,287; Swing (Socialist), 3774; Martin (Prohibitionist), 845. Total 73,913; Fleischmann's plurality, 16,620; majority, 12,001. The entire Republican city ticket, including all the boards, was elected by about the same vote as that of Fleischmann.

Johnson Wins at Cleveland.

Cleveland, O., April 7.—Mayor Johnson claims the election of the entire Democratic ticket from 7000 to 10,000 and three quarters of the city council. The Plaindealer claims Mayor Johnson's (Dem.) re-election by 5000. Eighty-five precincts give Johnson (Dem.), 15,589; Goulder (Rep.), 9,732.

United it Becomes More Apparent.

Belgrade, Servia, April 7.—The cabinet has decided to refrain from calling out the reserves until the necessity for strengthening the frontier guards becomes more apparent.

ANGORA GOAT RVNCH.

One on a Large Scale Is to Be Established Somewhere in Texas.

Kansas City, April 7.—The Times says that plans are under way for the establishment of an Angora goat packing house in Kansas City. The men identified with the new venture live in Texas and Chicago and they have secured a charter from the state of Texas. The plant will be equipped with a tanning outfit and the skins of the animals will be made into robes. A large percentage of the fur garments in use to-day are made from the Angora fleece, which will give the carcass an additional value.

The company will establish the lacteal branch of its business somewhere in Texas where Angora milk will be condensed and sold for medicinal purposes. Cheese will be manufactured and macaroni and cheese will be packed and placed on the market.

Sensational Pennell Story.

Buffalo, N. Y., April 7.—The Buffalo Commercial publishes a story in which it is alleged that Arthur R. Pennell who was killed in an automobile accident on March 10, was a defaulter to the extent of from \$150,000 to \$200,000. The story, the Commercial says, leaked out as the result of a legal dispute over two life insurance policies. Incidentally, it has been learned that Pennell made provision for the payment to Mrs. Edwin L. Burdick of \$25,000 out of his life insurance. Pennell carried over \$200,000 life insurance, in order, the Commercial says, that after his death the eastern estate to which he is alleged to have been defaulter might be able to recoup the losses which they sustained through him.

Chinese Minister Calls on Hay.

Washington, April 7.—Sir Chen Liang Cheng, the newly arrived Chinese minister, accompanied by three of his secretaries, called at the state department Monday and paid their respects to Secretary Hay and the assistant secretaries. In the president's absence the minister cannot present his credentials and receive full recognition, but Secretary Hay, following a precedent, has signified to the minister that he will waive the formalities and the state department will recognize him to transact any necessary business.

Refused to Affirm.

Washington, April 7.—The United States supreme court refused to affirm the Leyba Spanish land grant in New Mexico. The court held that the grant had originally been valid, but said inasmuch as it had been abandoned in 1839 it had been forfeited. The treat contained 18,000 acres and is said to include valuable deposits of turquoise.

Situation Grave.

Madrid, April 7.—The situation has become graver in the university towns, where the brutal treatment of students has created intense resentment against the government. In Madrid the agitation is gaining ground. Workmen of the tobacco factories have joined in the movement, and the shouts of "Down with the Bourbons" are frequently heard in the streets intermingled with bitter cries against the government and lauding the republic.

Cuban Congress Reassembles.

Havana, April 7.—Congress reassembled at 4 o'clock Monday afternoon and probably will continue in session three extra months on account of the necessity for the enactment of many laws before all the departments of the government get thoroughly under way.

German Emperor at Kiel.

Kiel, April 7.—Emperor William arrived from Copenhagen.
